Important Instructions
Please read carefully before starting your exam

EXAM INSTRUCTIONS

Please read the instructions carefully

General Instructions:

- Total duration of Anatomy Exam would be 135 Minutes (2:15 Hrs) and consists of 100 questions in which **(MCQ - Q. No. – 01 to Q.No.-100 consists of images with Four options)**
- The clock will be set at the server. The countdown timer in the top left corner of screen will display the remaining time available for you to complete the examination. When the timer reaches zero, the examination will end by itself. You will not be required to end or submit your examination.
- The Questions Palette displayed on the left side of screen will show the status of each question using one of the following symbols:
 - You have not answered the question.
 - You have answered the question.
 - You have NOT answered the question but have marked the question for review.
 - The question(s) "Answered and Marked for Review" will be considered for evaluation.
- You can click on the "Expand >>" arrow which appears to the left of question palette to maximize the question palette thereby maximizing the question window. To collapse the palette again, you can click on "<< Retract" which appears on the left side of question window.
- You can click on your "Profile" image on top right corner of your screen to view your details.

READY
You can start your exam

Start Exam

Step 9: Complete the Exam

After starting the exam, attempt all questions and click on Complete Exam once you finish.

The screenshot displays a web-based mock exam interface. At the top, the browser address bar shows 'mock.icri.org.in/live/exam-live'. The page title is 'MICR Step-1 Radiological Anatomy and Techniques'. The interface includes a 'SECTION' header, 'Question Number: 1', and 'Total Number of Sections: 1'. The question text is 'The marked arrow represents'. Below the question is a chest X-ray image with a white arrow pointing to the aortic knob. To the right of the image is an 'Answer:' section with four radio button options: 1. Aortic knob, 2. Aorto-pulmonary window, 3. Left superior Pulmonary artery, and 4. Descending aorta. The interface also features a progress bar, a question number indicator (1), and navigation buttons like 'Mark For Review', 'Clear Response', 'Previous', and 'Save & Next'.

Starting Another Mock Exam

If you wish to attempt another mock exam, please follow the **same process again**.
